Dongil Rubber Shovel Blade

Fast and clean snow removing work

Steel sheet of snow removing shovel blade is hard and sharp making it damage roads and structures. It is relatively vulnerable to abrasion and more expensive compared to rubber products. Rubber shovel blade is a product that places rubber shovel blade on the bottom part of shovel blade improving its safety and durability while reducing maintenance cost.

It is installable to equipment that pushes snow toward road or centerline and to general automobiles (truck, SUV, fire engine, forklift, garbage truck, tractors etc.).

► Features

- Incomparable internal abrasion ability
- Outstanding oil-proof, anti-oxidation and ozone-proof
- Flexibility toward low temperature, thermal resistance until 120°C
- Dynamic load durability
- High resilience
- Low compression set rate

Rubber SnowPlow Cutting Edge

Fast, Clean, Quiet Snow Removal

Abrasion Resistant Rubber Snow Plow Blades rubber snow plow blades are made of tough, resilient recycled rubber that outlast steel blades.

rubber snowplow edges need fewer replacements than steel edges, fewer man hours & less down time means lower costs. Rubber edges also absorb damaging shock that would be transmitted to the plow, truck, and driver with a steel edge.

It prevented abnormal one-sided wear and bending effect by inserting special shaped synthetic rubber and nylon reinforced fabric. Also, it reduced frictional force with the surface and maximized physical characteristic supporting effective snow removing work.

Physical Characteristic	
Abrasion Loss	lower than 100mg
Low Brittle Temperature	-50
Strength of Reinforced Fabric	17kN/m
Hardness	75±5
Tearing Strength	more than 50kg/cm
Tensile Strength	more than 15MPa
Rate of advance	more than 300%
Rebound Resilience	32±15%

Product Standards	
130W*2438L*21T	150W*591L*15T
130W*2745*21T	162W*579L*26T
150W*1040L*40T	156W*775L*15T
150W*988L*45T	156W*596L*15T
150W*579L*25T	200W*800L*50T
150W*579L*26T	200W*1100L*40T
156W*550L*15T	215W*800L*50T
150W*770L*15T	226W*988L*40T
155W*261L*15T	226W*792L*40T

Bolt wholes for products or installation other than product standards are manufactured requested by person who orders.
